

# MISSIONS PRAYER FOCUS

Missions website: <http://www.lgvoight.com/vim/vim.asp>

February, 2004

## The Boses Guinea-Bissau

Holly has had a bout with shingles, which has caused her considerable discomfort. Her preschool program is starting the spring semester, which runs from January through April. Stephen asks prayer for the ongoing development of the Youth Center Internship program. Stephen also reports that they are developing ideas for a partnership with the school across the street from the Youth Center which will enable them to teach Bible lessons, ethics and leadership courses as part of the school's curriculum. They also ask for prayer to find a "home church" while in Bissau and for continued good health.

## The Chackos India

In December, Matthews had a crusade in an area called Kothamangalam and shares his vision to gradually lead the tribal people in these 18 villages to the Lord and plant churches there.

## The Kuneys Honduras

The Kuneys report that Gary is meeting with pastors and lay leaders in their community of Seis de Mayo praying that God will bind them together to win the community for Christ. They also ask that we pray that they will get residence status in Honduras so they will not have to leave the country every six months to fulfill immigration requirements. Residency status would also help them get improvements for Seis de Mayo. Pray for their daughter, Jennifer, who is to marry a young man named Marco in June. They also ask for prayer support as they pursue a land purchase to further their ministry and find a supervisor for their children's program.

## The Lovealls Guatemala

They ask for prayer for their clinic in Patzun, their video teaching program in the mountains which needs TV/VCRs, the feeding program in Mocolixot, and the school in Antigua, which has recently moved into new facilities in a safer location. January 16 was the first day of class for this term. Escuela Integrada has 160 students and offers music, art, tutoring, Bible classes and a feeding program. Please pray for unity for the pastors in the villages.

## The Banales Mexico

Please pray for Jose's mother and Audrey's father. They have both been having health problems.

## Chris Hena Kazakhstan

Chris returned to her ministry in Kazakhstan in late November. Please pray for her health and her work there.

## The Beises France

Jim is organizing a tour for a Christian singer who recently released a CD in French. He is also serving on the pastoral team for their church during a time of transition and giving leadership for the France Field for the Mission Society. La Fonderie, the Arts Ministry Jim started to disciple and equip professional artists is going well with about 80 people participating regularly. Angela has been involved with the Alpha Course and will help lead a course called "A Life Worth Living" based on Philippians. Brian, the Beis' oldest, will graduate in May and return to the States. He is applying to universities and asks that the Lord would "make his path straight". Melissa and Rachel, their two daughters are doing well. Michael, their 8 year old son with special needs will have surgery on his feet next June. Michael is doing well in school, now attending two full days and two half days each week.

## The Coxes Botswana, Africa

Pray for the physical and spiritual safety of the whole family as they continue their work on the mission field. Pray for God's guidance to the area of His choice.

## The Anyomis Ghana, Africa

The Anyomis request prayer for the protection of the ACM leadership and their families from the attacks of the enemy to discourage them through vicious spiritual and physical attacks. Pray for abundant financial provision for the ministry and those dedicated to it.

## The Nassers Lebanon

Pray for the Nassers as they deal with Issam's father's illness and the subsequent medical bills. They are also in need of a new computer for their ministry. Pray for their perseverance in the faith and for success handing out New Testaments and tracts and showing the Jesus film. They are in need of funds to provide more Bibles and other materials to the Druze and Muslims with whom they come in contact.

# **MISSIONS PRAYER FOCUS**
