May, 2004

The Lovealls Guatemala

The Lovealls ask for prayer for their clinic in Patzun, their video teaching program in the mountains, the feeding program in Mocolicxot, and the school in Antigua. Escuela Integrada has 165 students and offers music, art, tutoring, Bible classes and a feeding program. Please pray for unity for the pastors in the villages. Conferences for the pastors and church leaders have been a resounding success with 69 pastors and leaders attending the most recent one. A team from FUMC will be working with Andrew in June. Pray for the effectiveness of this team.

The Wilsons Guinea-Bissau

The Wilsons request prayer for the peaceful transition in Guinea-Bissau after recent elections there. Since the U S dollar has fallen recently, they ask for prayer that the building materials they buy would go farther and last longer. They also request prayer for health and protection.

The Banales Mexico

Remember Jose and Audrey as they are settling back into life in Tulsa and are traveling extensively in support of this new phase in their ministry that brings them stateside.

The Edmistons Papua, New Guinea

The Edmistons are pleased to announce the completion of the New Testament translation into the Alambak language. The dedication ceremony will be held in mid June.

The Boses Guinea-Bissau

Pray for the ongoing development of the Youth Center Internship program. Stephen reports that they are developing ideas for a partnership with the school across the street from the Youth Center which will enable them to teach Bible lessons, ethics and leadership courses as part of the school's curriculum. They also ask for prayer to find a "home church" while in Bissau and for continued good health.

The Shamblins Global

Donald is in Kabul, Afghanistan and Marlis and their first team will join Donald as soon as housing is secured. They will be reaching out to the children and women of Kabul with the message of God's love and teaching the three "R's", health and personal hygiene.

The Kuneys Honduras

The Kuneys are having quite a bit of trouble with vandalism to their vehicles. They had a window smashed out of their truck recently and have had an estimate of \$2000 to repair it. They also report that Gary is meeting with pastors and lay leaders in their community of Seis de Mayo praying that God will bind them together to win the community for Christ. They also ask that we pray that they will get residence status in Honduras so they will not have to leave the country every six months to fulfill immigration requirements. Residency status would also help them get improvements for Seis de Mayo. Pray for their daughter, Jennifer, who is to marry a young man named Marco in June. They also ask for prayer as they pursue a land purchase to further their ministry and find a supervisor for their children's program.

The Beises France

Angela shares that many people have entered into 40 days of fasting and prayer for France starting March 2 and ending April 20. For more information, visit the website: lafrance2004.fr. Jim is now on the pastoral team for their church during a time of transition and giving leadership for the France Field for the Mission Society. La Fonderie, the Arts Ministry Jim started to disciple and equip professional artists is going well with about 80 people participating regularly. Angela has been involved with the Alpha Course and will help lead a course called "A Life Worth Living" based on Philippians. She has also started a Bible study for 14 single women ages 25-35. Brian, the Beis' oldest child, will graduate in May and return to the States. He is preparing for his International Baccalaureate exams May 3-22. He is applying to universities and asks that the Lord would "make his path straight". Melissa and Rachel, their two daughters are doing well. Michael, their 8 year old son with special needs will have surgery on his feet in June. Michael is doing well in school, now attending two full days and two half days each week.

Clarence Wagner Israel

Rejoice with several members of Bridges for Peace staff. Three families had babies within a week of each other! Also pray for the staff of Bridges, who come from all over the world. That the Lord would bless them with His peace as they walk the streets of Jerusalem and that they would have all their needs met, whether emotional, physical, spiritual or financial.
